

December 2023 - BOM

A Classic for all Seasons

A log cabin block is a classic one. Combinations of these blocks can create different patterns. Master this basic block and then combine to a myriad of variations. Some popular ones are a simple straight setting; Barn Raising; Fields and Furrows, and Flying Geese. Enjoy - Linda McNeely & Heidi Swanson

We will use a traditional red center to represent the hearth and surround that center with a scrappy pattern of lights and darks.
